

Liability and Insurance

All equipment and fixtures rented or borrowed through MCH A/S are kept insured by MCH A/S.

The exhibitor's own equipment, equipment and goods are usually not insured during transport to and from the expo as well as during the expo. We therefore recommend exhibitors to take out insurance on transport and exhibition items - covering fire, theft, water damage, etc.

We recommend that you contact your own insurance company, if you have any questions about insurance.
